Chamber Spotlight
Amicus Wealth Partners
By: Elliot Kelley**

Our eighth Wellsville Chamber of Commerce Spotlight focuses on Amicus Wealth Partners, headed by Jason Berve, MBA, AAMS. Berve graduated from Pittsburg State University in 2010. He later obtained his Accredited Asset Management Specialist (AAMS) designation, as well as his MBA from Pittsburg State University.

He takes pride in having the empathy to listen, knowledge to clarify details, and the ability to personalize investment strategies, while having a true focus on helping his clients reach their long-term goals. This is what sets his business apart from others.

Berve had always been interested in the financial markets and investing, which led to him starting at Edward Jones early in his career. Afterwards, Berve decided he wanted to be his own boss and set up an independent firm in Wellsville, since he enjoyed playing a significant role in the financial planning of individuals in small communities.

Berve is extremely proud of the challenge he has tackled with establishing an independent firm. It is a challenge he wishes he would have attacked sooner.

With office hours being 9:00 am to 5:00 pm, a typical day for Berve begins by watching the news for financial updates, keeping tabs on various financial tasks, having one-on-one conversations with clients, completing investment transactions, balancing various day-to-day activities, and much more.

Berve truly values the Wellsville community, its people, and its small-town values. He is excited to branch out into the Wellsville community to help individuals and families achieve their investment goals.

If you are looking to better prepare yourself and your family financially for the future, consider utilizing the expertise of Amicus Wealth Partners, locally owned by Jason Berve.
