

Wellsville Chamber of Commerce
Chamber Spotlight
Midwest Auto Center
By: Shelby Harter

Our twenty-third Wellsville Chamber of Commerce spotlight is focused on Midwest Auto Center, owned by Wellsville High School graduate, Russ Moyer. Russ purchased Midwest Auto Center, which is located at 710 S. Main Street, in 2005 because it was in his hometown, and he loved the community. He began the business as a restoration shop—restoring, repairing, and customizing classic cars, but soon realized there was an overwhelming demand for late model auto repair in the Wellsville area. Today, Midwest Auto Center offers full service automotive repair from brakes and tires to engines and transmissions.

As a native of Wellsville, Moyer values the Wellsville community and prides himself on his service to his customers. He stated, “What sets my business apart from other automotive service repair shops is that I take care of my customers first and foremost. No matter what the effort needed, I want to satisfy the customer.” Moyer also appreciates that his customers are grateful to have an automotive company within their community.

Moyer is proud that he can offer dependable full service automotive repairs and quality replacement parts at competitive prices. Midwest Auto Center guarantees all repairs and parts that are replaced with a 36-month/36,000-mile warranty. If customers have any problems with their car, truck or SUV, Midwest will fix it right the first time—often the same day you drop off your vehicle or even while you wait.

Midwest Auto Center is open Monday through Friday from 7:30 am to 5:30 pm. Some of the services they perform include repairs on gas and diesel engines, disc and drum brakes, wiring and electrical systems, steering and suspension, computer diagnostics, oil changes, regular maintenance, A/C repair, and tire sales (a variety of brands) and services.

Moyer also takes pride that he employs ASE (Automotive Service Excellence) Technicians—the certification granted to an automotive technician who has completed the required training and obtained their Automotive Service Excellence Certified Master Technicians requirements. Midwest Auto Center also offers a financing program for customers if needed.

Midwest Auto Center can be reached at (785) 883-2611 or you can learn more about what they offer by visiting their website at <https://www.midwest-autocenter.com/> or their Facebook page at <https://www.facebook.com/russamoyer/>. Customers can also phone in or schedule appointments on the website, whichever is most convenient.
