

**Wellsville Chamber of Commerce  
Chamber Spotlight  
Casey's General Store  
By: Joclynn Johnson**

Our 30th Wellsville Chamber of Commerce Spotlight is on Casey's General Store, which opened almost four years ago at the 406 Pendleton Avenue location. However, the original Casey's was located on Main Street before the building of the new location. Casey's is a convenience-store chain that offers fuel, drinks & food, including made from scratch pizza, sandwiches, salads, wraps, and baked goods.

When the store moved to Pendleton Avenue, modernized changes were made to the store and the gas pumping stations. The new location provided better access to customers within the community and for travelers utilizing I-35, a larger store that offered extended menus and hours, and additional gas pumps, along with a variety of store items. Even with the recent addition of another gas station/convenience store in Wellsville, Casey's has been able to maintain customer loyalty with many of its customers due to its friendly service, value of community and dependability.

These past couple of years, Casey's has had to overcome some difficult issues such as product shortage and limited staffing; however, these issues are being seen across the nation and the world. Even though Casey's has had to face these challenges, they remain a constant within the community that provides a friendly environment and excellent customer service the minute a customer walks through the door.

Casey's operational hours are 5 a.m. to 11 p.m. seven days a week, with the kitchen closing at 10:30 p.m. A typical day at Casey's, begins by preparing donuts in the morning, and transitioning into biscuits and gravy, breakfast burritos and pizzas, as well as other breakfast items. When lunch time nears, preparations for meal items such as pizzas, burgers, sandwiches, salads, wraps, etc. begin. While made-to-order sandwiches are still limited, take-out pizzas are always freshly made to order from scratch. Although pizza delivery services have not resumed, with the hiring of a new district manager, discussions are in place to restart this service.

Casey's wants everyone to remember they take large food orders for almost all items they sell with advanced notice. Also, a reminder that Casey's Take Out is famous for its freshly made from scratch pizza. To order, customers can use the Casey's App (for mobile devices), or they can call the pizza hotline at (785) 883-4814.

Casey's would love to see all their customers join the Casey's Rewards program to earn points on every purchase—in store, online, and at the pump. Customers can also take advantage of the exclusive perks and savings using a Casey's credit card. See inside any Casey's store for more details or utilize caseys.com or even ask an employee for assistance. Not only does the Rewards Program offer Casey's Cash that provides great discounts and free items to its customers, but Rewards points can be used to also discount fuel or can be donated to your local school.

Casey's goal is to create a great experience for everyone, while focusing on the needs of the customers and the community. To find out more about the local Casey's or Casey's stores in general, visit [caseys.com](https://www.caseys.com).
