

## **Candidate for School Board Position 7: Brett Shelton**

My name is Brett Shelton. I was raised in Wellsville and I learned the importance of serving the community from my dad, Gale Jr. and my grandpa Buck (Gale Sr.).

I attended grade, middle and high school at Wellsville, graduating in 2001. I also met my late wife, Lena in the halls of Wellsville High.

She blessed me with four amazing children: Elliot, Olivia, Lily and Jack.

I started my career in corporate learning and development in 2007 and I have used different modalities (e.g., classroom, Zoom, and VR) to deliver training that matches the learning style of the student. In my current role I develop and manage corporate trainers.

I attend and serve as an elder at Open Table Community Church (behind Bert's).

My goal as a member of the school board would be to support policies that create a safe learning environment that leverages technology and learning principles to develop students into successful members of society.
