

Candidate for School Board Position 6: Lindsey Wood

1. I am running for School Board because I believe a quality education is something the children of Wellsville deserve, and that starts with great teachers and staff. As a mother of 2 children in the district, I take the position of a school board member very seriously. I want all children in the district to have as many opportunities as possible to better their education.

2. I have a vested interest in being on the Board. I know firsthand what goes on day to day, as I have a freshman and a sixth grader. During my term on the Board we were able to add the addition of the SRO officer, complete the Bond Project, and following thru with the district's Strategic Plan.

3. Three things that are important to me are recruiting and retaining top notch staff, maintaining facilities, and expanding current academic pathways and extra curriculum opportunities.
